**DISCUSSION:**

As a result of the recent winter storms, multiple MPPRPD properties sustained damage that require larger equipment to repair than MPPRPD possesses. At the August meeting, staff received Board approval to release a Request for Proposal to initiate the necessary repairs. A mandatory site visit was facilitated on August 31 and attended by 3 perspective proposers, followed by a proposal due date of September 15. MPPRPD staff determined Calle King Construction provided the lowest, most-responsive proposal for this project (**ATTACHMENT 1**).

**RECOMMENDED ACTION:**

Staff respectfully recommends that the Board review the attached agreement with Calle King Construction for Palo Corona Regional Park Backcountry Road Repairs (**ATTACHMENT 2**), authorize it substantially as written, and authorize the General Manager to execute the contract.
